

Perfectly Positioned.

Available in three heights; 500mm, 600mm and 700mm, Axis offers the flexibility to optimise speaker positioning across a wide variety of listening environments and loudspeaker designs.

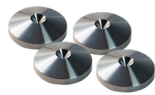

With 2 finish options; satin white with plywood trimmed base and satin black with dark stained plywood trimmed base, Axis will make the perfect accompaniment to any listening space.

Model	Axis 500	Axis 600	Axis 700
External Dimensions with all accessories fitted (H x W x D)	547 x 330 x 350 mm (21 ⁵ / ₈ x 12 ⁵ / ₈ x 13 ³ / ₄)	647 x 330 x 350 mm (25 ¹ / ₂ x 12 ⁵ / ₈ x 13 ³ / ₄)	747 x 330 x 350 mm (29 ³ / ₈ x 12 ⁵ / ₈ x 13 ³ / ₄)
Available Finishes	Satin Black Satin White	Satin Black Satin White	Satin Black Satin White
Sold As	Pair	Pair	Pair
Weight (each)	8.6 kg (18 lb 15 oz)	8.9 kg (19 lb 10 oz)	9.1 kg (20 lb 1 oz)

Model	BloK IsoFill
Material	Finished steel hexagon and round pellets
Weight (per box)	7 kg (16 lb 7 oz)

Model	BloK Floor Guard Discs
Material	Stainless steel

Axis Speaker Stands

BLOK

High-fidelity precision starts from the ground up.

Sound matters. Achieving truly faithful playback requires careful consideration of every element in the signal chain, from source and amplification to cabling and, most critically, speaker positioning. Blok Axis speaker stands are designed to deliver greater system performance.

Axis Speaker Stands in Satin White or Satin Black with complementary plywood edge

Rubber Isolating Pads and Mass Fillable Central Column

Blok Floor Guards for use on hard floors (sold separately)

Engineered for Acoustic Precision.

Engineered for exceptional stability and acoustic performance, the Axis stand combines a precision metal top plate with a rigid, mass-fillable central column to minimise unwanted resonance and vibration, with optional Blok IsoFill* material for enhanced isolation performance. A substantial plywood base provides a solid, well-balanced foundation, while precision steel spikes and additional floor guards* ensure secure mechanical grounding. Together, these carefully considered elements create a controlled platform that allows your loudspeakers to perform with greater clarity, focus and low-frequency precision.

*Blok Floor Guard Discs and Blok IsoFill are sold separately
